Ethics Module 1: Priority of Pharmacy Ethics in Healthcare

Details

Setting: Home

Target Audience: Pharmacist, Pharmacy Technician, International Pharmacist, International Pharmacy Technician, Student Pharmacist, Non Pharmacist

Description & Additional Information

This Educational Activity is provided by Pharmacy Ethics, Education, and Resources (PEER) and is designed to educate healthcare professionals on ethics to improve patient safety.

Activity Description

Ethics in pharmacy is essential for everyone involved in pharmacy practice. Pharmacy professionals must understand the ethical principles established by the profession's leaders. By actively discussing ethics and learning from past examples of ethical breaches, pharmacy personnel can help prevent future ethical crises.

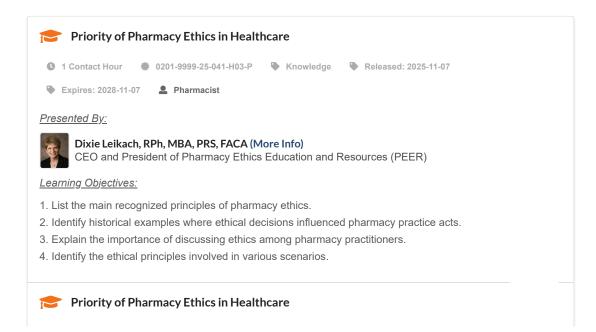

Canadian and Other International Pharmacists and Pharmacy Technicians

If you do not have an NABP number, select "International Pharmacist" or "International Pharmacy Technician" when registering.

- Automatic submission is not available for these registration types.
- Participants selecting these options will receive a certificate of continuing education that you may self-submit to your accreditation body to be considered for CE credit.
